MEMORANDUM FOR: C/CA/[REDACTED]

SUBJECT: Immigration and Naturalization Matters

1. Attached is a blind memorandum which you could simply forward to [REDACTED] who had raised the question as to the status of dependents. If there is a real problem here we would like to know to assess the importance of possible clarifying language in a bill. We would not plan to work up any language pending further advice from you.

2. You might also pass on word that at this point I would not suggest a letter from [REDACTED] to Congressman Horton.

3. I have received the list of congressmen who visited [REDACTED] in the near future I will be working further with [REDACTED] looking toward discussions with Rodino.
